CAPABILITY STATEMENT

Jewell Nursing Solutions

WHO WE ARE

Jewell Nursing Solutions is the innovative developer of the BackBone™, HeelBone™ and AnyBone™ positioning pillows and specialize in providing caregivers and medical staff with bedside training on positioning techniques and the tools for optimal pressure injury prevention. **Jewell Nursing Solutions** is founded by a group of passionate nurses dedicated to delivering the unique knowledge and capabilities all caregivers need to know to stop pressure injuries.

WHY JEWELL NURSING SOLUTIONS

- **The Best Choice for Healthcare Facilities:** Advanced designs and highest-grade antimicrobial materials. Safe, effective, re-useable. Better support, less waste, lower costs.
- **Continuing Education Provider with CA Board of Registered Nursing:** Online and in-person training courses
- **We Care About ALL Outcomes:** Extended pressure reduction to mitigate risk & shorten length of stay. Optimal comfort for pain reduction and best healing environment.
- **Versatile for Any Healthcare Environment:** From Hospital Acute Care to Home Care, our products function and serve all those caring for or suffering from pressure injuries.

The BackBone™ Positioning Wedge

Support the Back ❖ *Protect the Bones*

CORE COMPETENCIES

BACKBONE TURNING WEDGE

The BackBone™ Positioning Cushion

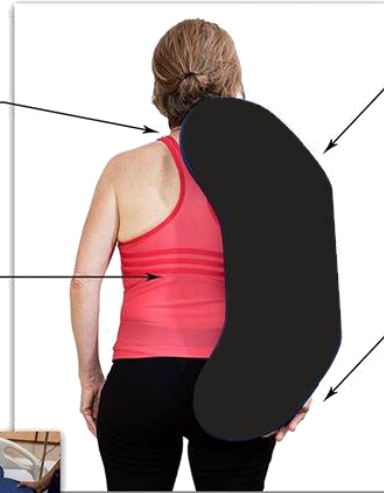

is a “Turning Wedge” cushion for supporting a person in a 30-degree lateral side position while he/she is in bed. The 30-degree side lying position is recommended by The National Pressure Ulcer Advisory Panel to best reduce pressure on the sacral/coccyx area for the prevention and treatment of pressure ulcer/injury wounds.

Gentle Lift From Scapula

- > Distributed Shoulder Support

“Open” Center

- > Circumvents Spinal Column
- > No-slip Flexibility With Head of Bed Elevation.

Nylox Fabric

- > Anti-Microbial
- > Moisture Resistant
- > Climate Control
- > Soft – Flexible – Breathable
- > Cleanable
- > Re-Usable
- > Non-Skid

Gentle Lift From Buttocks

- > “No Touch” Pressure Reduction
- > Maneuver to Avoid Wounds

Patented Bilateral Angle Design

- > Easy Lift From Under The Back (Instead of A Hard Push From Side Like other Wedges Do)

HEELBONE

BACKBONE COVER

**ANYBONE
STANDARD/HOME USE**

Meet Our Founder

Gwen is Registered Nurse and a Board-Certified Wound Specialist. She is a Pressure Injury Preventionist and Wound Care Nurse for Medical-Surgical, Telemetry and ICU departments. She holds a Bachelor of Science in Nursing.

Gwen Jewell,
Clinical Nurse II, BSN, CWS
